- Seksjon for fornybar energi og skogvitenskap

Jeg er forsker i skog og ressursøkonomi (PhD, NMBU 2015), med bakgrunn i skogbruk, økonomi og internasjonale miljøstudier. Mitt forskningsområde er innen klimasmart og bærekraftig skogforvaltning. For tiden leder jeg det internasjonale tverrfaglige NFR-prosjektet [ClimateSmartForest](#), med et budsjett på 15 millioner NOK, og i 2024 ble jeg tildelt en [forskningspris](#) fra Human Frontier Science Program (HFSP). Jeg forsker og publiserer både innen de naturvitenskapelige og de samfunnsvitenskapelige sidene ved klimaendringer knyttet til skog og skogbruk. De siste årene har jeg representert NMBU som observatør på FNs klimatoppmøter COP25, [COP27](#) og [COP28](#).

HFSP Webinar – November 19

- HFSP Research Grants Webinar: 2027 edition - YouTube

The image shows a YouTube video player interface. At the top, there is a search bar with the text "Sök" and a magnifying glass icon. The video title is "HFSP Webinar" in large, bold, black letters. Below the title, it says "RESEARCH GRANTS: All about the next Call for Letters of Intent 2027". There are two circular profile pictures of speakers: Almut Kelber, HFSP Director of Awards, and Guntram Bauer, HFSP Chief Scientific Officer. At the bottom, it says "WEDNESDAY 19 NOVEMBER, 2025 13:00 PM (CET)" and "FREE ATTENDANCE REGISTRATION MANDATORY". The video player controls at the bottom show a play button, a volume icon, and a progress bar indicating 0:00 / 1:23:03.
